MATERNAL-NEWBORN NURSING

The Critical Components of Nursing Care, Third Edition

Roberta Durham & Linda Chapman

Nov 2018 672pp, 280 illustrations

9780803666542 Paperback £94.50 / €111.00

A better way to learn maternal-newborn nursing! *Maternal-Newborn Nursing, Third Edition*, *DavisPlus* Resources, and *Davis Edge* work together to create an interactive learning experience that focuses on must-know information that meets the needs of today's students and instructors.

The text provides comprehensive foundational and clinical knowledge. *DavisPlus* equips instructors with the lesson plans and resources they need to create an active classroom where students can apply what they're learning. *Davis Edge* tracks student progress and assesses their knowledge in real time until they've mastered the must-know concepts.

An easy-to-read, need-to-know approach, with student-friendly features focuses on delivering the critical content to today's learners. A visually engaging design that features bullet content, flow charts, diagrams, and tables make it easy to understand. This is the text to ensure student success.

PHYSICAL REHABILITATION

Seventh Edition

Susan B. O'Sullivan, Thomas J. Schmitz & George D. Fulk

Jan 2019 1,512pp, 960 illustrations

9780803661622 Hardback £116.00 / €133.00

Rely on this comprehensive, curriculum-spanning text and reference now and throughout your career.

The thoroughly updated seventh edition includes everything you need to know about the rehabilitation management of adult patients, from integrating basic surgical, medical, and therapeutic interventions to how to select the most appropriate evaluation procedures, develop rehabilitation goals, and implement a treatment plan.

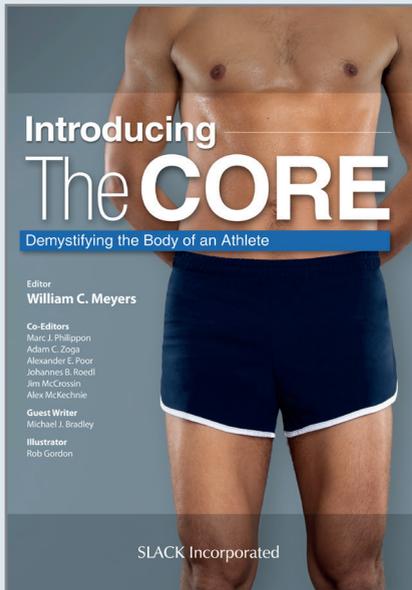

Online you'll find 60 narrated, full-colour video clips of patients in treatment, including the initial examination, interventions, and outcomes for a variety of the conditions commonly seen in rehabilitation settings.

- Thoroughly updated to reflect the newest evidence and changes in health care.
- New video and written case study on multiple sclerosis.
- Incorporates current research in basic and clinical sciences with physical therapy assessments and treatment procedures.
- Includes "Evidence Summary" tables in most chapters which evaluate current research on specific topics and support evidence-based practice.
- Enhances critical-thinking skills with open-ended clinical case studies.
- Covers strategies for fall prevention, virtual reality rehabilitation, body-weight treadmill training, and upper extremity amputations and prosthetics.
- Integrates the goals, examination procedures, and interventions of the APTA's *Guide to Physical Therapist Practice*.
- eBook, powered by VitalSource.
- Testing resources - Assess your students understanding of the material.
- Classroom & lecture planning resources - plan your classes here.
- Previous edition resources still available - your home for the 6th edition resources.
- Video case studies.

INTRODUCING THE CORE

Demystifying the Body of an Athlete

Edited by William C. Meyers

Apr 2019 450pp

9781630915155 Hardback £164.00 / €178.00

There is no more important area of the body for an athlete than the core. It's the engine room, the place where power is generated and then distributed. Strength there makes life easier for shoulders and knees. It produces speed and explosiveness, endurance and grit. Build the core and you have built the house.

The core is so important. So why has it remained such a medical mystery? This book will explain that.

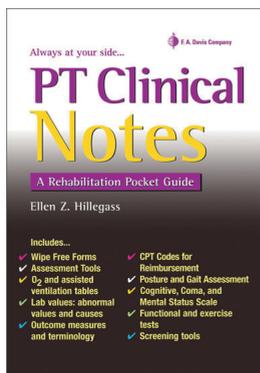

Dr. William Meyers has become the America's foremost authority on core health. Along with over 40 world renowned expert contributors, Dr. Meyers explains how the core functions, how to build the core's strength, and how to repair the core when it breaks down.

Through stories and anecdotes about his work with elite athletes, Dr. Meyers will give readers a thorough understanding of the body's most important contributor to physical success and its widespread influence on the human anatomy. Let's go inside the locker room, the operating room, and onto the field to trace the arc of a performer's journey from injury to repair to return.

2019 NELSON'S PEDIATRIC ANTIMICROBIAL THERAPY

25th Edition

Edited by John S. Bradley

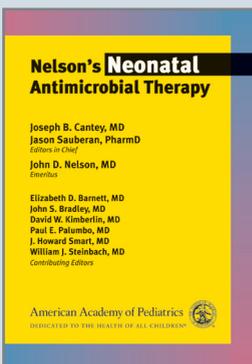

Dec 2018 320pp

9781610022101 Paperback £34.95 / €40.00

This best-selling and widely used resource on pediatric antimicrobial therapy provides instant access to reliable, up-to-the-minute recommendations for treatment of all infectious diseases in children.

For each disease, the authors provide a commentary to help health care providers select the best of all antimicrobial choices. Drug descriptions cover all antimicrobial agents available today and include complete information about dosing regimens. In response to growing concerns about overuse of antibiotics, the program includes guidelines on when not to prescribe antibiotics.

- Practical, evidence-based recommendations from the experts in antimicrobial therapy.
- At-a-glance tables of bacterial and fungal pathogen susceptibilities to commonly used antimicrobials.
- Information on antimicrobial stewardship where relevant throughout the book.
- Updated references and reviews for therapy for clinically important infections (e.g., community-acquired pneumonia in children, endocarditis, MRSA infections).
- Antibiotic therapy for children with obesity.
- Antimicrobial prophylaxis/prevention of symptomatic infection.
- Maximal adult dosages and higher dosages of some antimicrobials commonly used in children.

Also available

NELSON'S NEONATAL ANTIMICROBIAL THERAPY

Joseph B. Cantey *et al*

Jun 2019 100pp

9781610023184 Paperback £27.50 / €30.00

Provides evidence-based recommendations from leading experts in antimicrobial therapy for the treatment of infectious diseases in neonates. This book offers expert advice on dosing for neonates, including low-birth-weight newborns; drug selection for bacterial, fungal, viral and parasitic pathogens; drug stewardship; and much more.

CARE OF THE ELDERLY

F.A. Davis

ADVANCED PRACTICE NURSING IN THE CARE OF OLDER ADULTS**Second Edition***Laurie Kennedy-Malone & Lori Martin-Plank*

2018 528pp, 9 illustrations

9780803666610 Paperback £81.50 / €93.00

From an overview of the theories of aging and assessment through the treatment of disorders, including complex illnesses, this evidence-based book provides the comprehensive gerontological coverage you need to prepare for your role as an Advanced Practice Nurse.

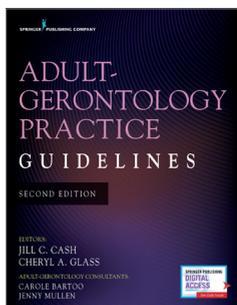

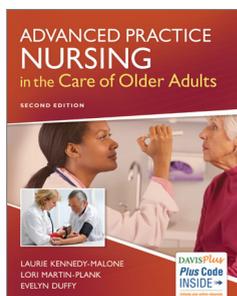

Health Professions Press

THE HOSPICE TEAM**Who We Are and How We Care***Edited by Chaim Wender & Patricia Morrison*

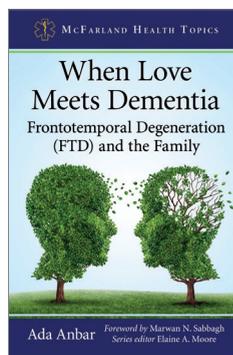

May 2019 200pp

9781938870835 Paperback £34.95 / €40.00

This singular work offers a truly interdisciplinary team perspective on caring, presented by 21 veterans of hospice service representing the array of disciplines in effective teams—physicians, nurses, certified nurse assistants, social workers, chaplains, music therapists, bereavement counsellors, a volunteer coordinator, and a volunteer of more than 26 years. Contributors share professional and personal experiences that encompass the medical, emotional, intellectual, spiritual, interpersonal, social, cultural, and economic dimensions of dying and bereavement.

McFarland

Springer Publishing Company

ADULT-GERONTOLOGY ACUTE CARE NURSE PRACTITIONER Q&A REVIEW*Edited by Dawn Carpenter*

2018 300pp

9780826164780 Paperback £87.50 / €95.00

The only book designed specifically to prepare students for the Adult-Gerontology Acute Care Nurse Practitioner exams, this unparalleled review details the step by step journey from classroom to patient room and beyond. The book provides an overview of the certification exams written specifically by the certification organisations themselves.

ADULT-GERONTOLOGY PRACTICE GUIDELINES**Second Edition***Edited by Jill C. Cash & Cheryl A. Glass*

Feb 2019 1044pp

9780826195180 Paperback £120.00 / €131.00

The first book to encompass adult-gerontology practice guidelines for primary care, this comprehensive resource is useful as both a clinical reference and as a text for health care practitioners working with this population. Concise and up-to-date, the book is distinguished by its easy-to-read outline format.

THE AGING NETWORKS

A Guide to Policy, Programs, and Services, Ninth Edition

Kelly Niles-Yokum & Donna L. Wagner

2018 270pp

9780826146526 Paperback £71.50 / €77.00

Written for both students and practitioners of gerontology, along with all professionals involved in the well-being of older adults, this highly accessible book provides a current and detailed description and analysis of local to global services for older people with or without cognitive, physical, or social needs.

The University of North Carolina Press

INTRODUCTION TO AGING

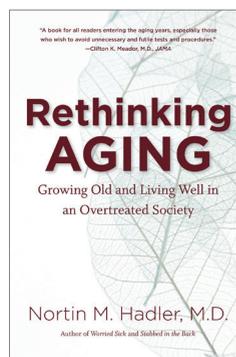

A Positive, Interdisciplinary Approach, Second Edition

Judith A. Sugar

Jul 2019 320pp

9780826162939 Paperback £103.00 / €113.00

The second edition of this engaging text reflects a welcome new paradigm for aging - that of aging as a positive stage of life. It provides an interdisciplinary perspective on the wide variety of subject areas within gerontology, and combines research with engrossing narratives, new trends, and controversial topics.

RETHINKING AGING

Growing Old and Living Well in an Overtreated Society

Nortin M. Hadler

Feb 2019 272pp

9781469652108 Paperback
£24.50 / €27.00

Examines health-care choices offered and argues that too often the choices serve to profit the provider rather than benefit the recipient, leading

to the medicalization of everyday ailments and blatant overtreatment.

CARE OF THE ELDERLY BESTSELLERS

Health Professions Press

NICHE: NURSES IMPROVING CARE FOR HEALTHSYSTEM ELDERERS

Edited by Terry T. Fulmer

May 2019 600pp

9780826170811 Hardback £78.95 / €91.00

The NICHE model demonstrates improved clinical outcomes, positive fiscal results, enhanced nursing competencies, community recognition, and greater patient, family, and staff satisfaction. This official guidebook to the NICHE model of care provides nurses with the knowledge and skills for delivering best practice in the care of older adults.

SOCIAL ISOLATION OF OLDER ADULTS

Strategies to Bolster Health and Well-Being

Edited by Lenard W. Kaye & Cliff Singer

2018 250pp

9780826146984 Paperback £68.50 / €79.00

With contributions from scholars, clinicians, and elder-policy activists, this book documents the interrelated issues of social relationships and health in late life. It describes creative programs and intervention techniques that help maintain the integrity of an older adult's relations, communication pathways, and a sense of belonging.

THE END-OF-LIFE NAMASTE CARE PROGRAM FOR PEOPLE WITH DEMENTIA

Second Edition

Joyce Simard

2013 296pp

9781938870026 Paperback £42.50 / €49.00

Offers simple and practical ways for direct care staff to provide holistic end-of-life care for people with advanced dementia. With compassion, sensitivity, and creativity, the Namaste Care™ programme affirms the individuality and enduring spirit of each person through comforting and meaningful sensory-based experiences.

THE VALIDATION BREAKTHROUGH

Third Edition

Naomi Feil

2012 328pp

9781932529937 Paperback £42.50 / €49.00

Validation is a practical way of communicating with and managing problem behaviour in older adults with Alzheimer's-type dementia. You'll learn how to re-create relationships between confused older adults and their caregivers; be caring and non-judgmental; understand and handle challenging behaviours; interpret non-verbal cues; and implement Validation in your own care setting.

9780826133885 Paperback £121.00 / €140.00

This groundbreaking work is an encyclopaedic reference on the full spectrum of Human Caring Science. With contributions from highly accomplished scholars and practitioners from six continents, it spans the evolution of Caring Science from its origins 40 years ago through its ongoing innovation and development.

ESSENTIALS FOR THE CATH LAB NURSE

Brenda Kirkpatrick McCulloch

Apr 2019 225pp

9780826161314 Paperback £24.95 / €36.00

This quick-access resource delivers a practical orientation for the cath lab. *Essentials for the Cath Lab Nurse* clearly presents the role of the nurse in the cath lab and how to assist with basic and advanced cath lab procedures and provides essential information for each step.

ESSENTIALS OF FORENSIC NURSING

What You Need To Know

Meredith J. Scannell

Apr 2019 200pp

9780826169297 Paperback £24.95 / €36.00

This up-to-date, evidence-based resource addresses all facets of forensics nursing, including legal and ethical issues, conducting interviews, trauma-informed care, delivering expert testimony, documenting injuries, and collecting and preserving evidentiary substances for Medico-Legal purposes.

ESSENTIALS OF NEUROCRITICAL CARE

A Quick Reference for the Advanced Practice Provider

Diane McLaughlin

Apr 2019 225pp

9780826174963 Paperback £24.95 / €36.00

Covers the defining characteristics, clinical presentation, diagnostics, treatment, and nursing considerations of common neurological disorders seen in acute care settings. Chapters review the assessment and diagnosis of common and not-so-common neurologic conditions that can often be difficult to recognise and manage.

ESSENTIALS OF SUBSTANCE USE DISORDERS

What Every Nurse, APRN, and PA Needs to Know

Brenda Marshall & Jack Spencer

Apr 2019 192pp

9780826177155 Paperback £24.95 / €36.00

Provides evidence-based information and strategies for nurses who work with individuals with substance use disorders (SUDs). Written in a concise, bulleted style, the reference addresses often-undiagnosed medical and psychiatric conditions which may accompany SUDs and the ethical considerations of working with affected patients and families.

These titles are only available for sale in the UK

LEADERSHIP AND MANAGEMENT COMPETENCE IN NURSING PRACTICE

Competencies, Skills, Decision-Making

Edited by Audrey M. Beauvais

2018 325pp, 10 illustrations

9780826125248 Paperback £71.50 / €77.00

Written in a clear and concise manner, this text provides a core framework and useful skills and strategies to successfully lead nursing and healthcare forward. Chapters delve into discussions of leadership skills and personal attributes of leaders with minimal repetition of material covered in associate degree program.

NURSING INFORMATICS FOR THE ADVANCED PRACTICE NURSE

Patient Safety, Quality, Outcomes, and Interprofessionalism, Second Edition

Susan McBride & Mari Tietze

2018 756pp

9780826140456 Paperback £121.00 / €140.00

Delivers a practical array of tools and information to show how advanced practice nurses can maximize patient safety, quality of care, and cost savings through the use of technology. Every chapter is highly practical, filled with case studies and exercises that demonstrate how the content relates to the contemporary healthcare environment.

PAIN-FREE WRITING FOR NURSES

A Step-by-Step Guide

Joseph Perazzo & Robert Topp

Aug 2019 272pp

9780826139870 Paperback £49.50 / €54.00

Reading this book will make you a more effective, prolific author of scholarship. Coverage includes an explanation of why it is important to write; the unique but basic structure of scholarly writing; annotated examples you can use to write a variety of scholarly documents; and strategies for increasing readership of your manuscript.

PRACTICE-BASED SCHOLARLY INQUIRY AND THE DNP PROJECT

Second Edition

Cheryl Holly

Mar 2019 306pp

9780826134936 Paperback £82.50 / €89.00

This one-of-a-kind resource is specifically designed to guide DNP students in the essentials of conducting practice-based studies. It helps students to identify the methodology that best fits their project idea, envision the key elements of the project, design, set up, and run the project, and write up and disseminate the project outcome.

PROJECT MANAGEMENT FOR THE ADVANCED PRACTICE NURSE

Second Edition

Carolyn Sipes

Jul 2019 200pp

9780826161956 Paperback £82.50 / €89.00

Provides a unique framework for effective project management skills in nursing. Using practical case examples and proven tips, the text presents step-by-step strategies for applying project management skills in varied settings and describes how to identify key concepts critical to project success.

PROJECT MANAGEMENT IN NURSING INFORMATICS

Edited by Mary Joy Garcia-Dia

Mar 2019 484pp

9780826164346 Paperback £82.50 / €89.00

Written for graduate nursing students, this text provides core project management skills for Informatics students. This text provides project management examples using realistic healthcare case scenarios. Chapters describe nursing informatics competencies and project management concepts essential for clinical practicum and practical experience.

REVIEW MANUAL FOR THE CERTIFIED HEALTHCARE SIMULATION EDUCATOR (CHSE™) EXAM

Second Edition

Edited by Linda Wilson & Ruth A. Wittmann-Price

2018 478pp

9780826138880 Paperback £84.50 / €97.00

The first practice manual to help health care simulation educators in the US and internationally to prepare for the certification exam in this burgeoning field. The second edition is revised to reflect the latest test blueprint and encompass key evidence-based research that has been conducted since the first edition was published.

TRANSITIONING FROM RN TO MSN

Principles of Professional Role Development

Brenda Scott & Mindy Thompson

Mar 2019 288pp

9780826137968 Paperback £57.95 / €67.00

Examines both direct care roles, indirect care roles, and new emerging areas. Step-by-step, chapters address the key concepts of role transition including preparation for a particular role, ethical practice, theory application, quality control, and terminal degree options.

STM Learning

MEDICAL RESPONSE TO ADULT SEXUAL ASSAULT

Second Edition

Linda E. Ledray & Ann Wolbert Burgess

Jun 2019 510pp

9781936590728 Paperback £103.00 / €113.00

Provides evidence-based research on diagnosis, treatment, and examination in cases of sexual violence and assault. This volume reflects contemporary best practices in the investigation and treatment of sexual violence.

MEASURING OCCUPATIONAL PERFORMANCE

Supporting Best Practice in Occupational Therapy, Third Edition

Mary Law, Carolyn M. Baum & Winnie Dunn

2017 475pp

9781630910266 Hardback £82.50 / €89.00

Summarizes the measurement tools needed to assess client occupational performance, to provide the best intervention, and to document the effectiveness of that intervention.

OCCUPATIONAL THERAPY INTERVENTIONS

Function and Occupations, Second Edition

Catherine Meriano & Donna Latella

2016 600pp

9781617110559 Paperback £75.50 / €82.00

Provides the essential information required for occupational therapy practice in the physical approach to the intervention process. This practical and user-friendly text offers an entry-level approach to bridging the American Occupational Therapy Association's *Occupational Therapy Practice Framework, Third Edition* with everyday practice, specifically concerning interventions.

AN OCCUPATIONAL PERSPECTIVE OF HEALTH

Third Edition

Ann A. Wilcock & Clare Hocking

2015 544pp

9781617110870 Hardback £72.95 / €85.00

Now available in an updated third edition, this unique text continues the intention of the original publication: encouraging wide-ranging recognition of occupation as a major contributor to all people's experience of health or illness. It also promotes understanding of how, throughout the world, "population health" as well as individual well-being is dependent on occupation.

OCCUPATION-BASED ACTIVITY ANALYSIS

Second Edition

Heather Thomas

2015 224pp

9781617119675 Paperback £54.95 / €62.00

This second edition of *Occupation-Based Activity Analysis* teaches students and clinicians the process of conducting activity analyses and occupation-based activity analyses.

OCCUPATIONAL THERAPY Performance, Participation, and Well-Being, Fourth Edition

Edited by Charles H. Christiansen, Carolyn M. Baum & Julie D. Bass

2014 688pp

9781617110504 Hardback £76.95 / €85.00

A comprehensive occupational therapy textbook that introduces students to core knowledge in the profession and the foundations of practice. The fourth edition provides a clear description of how to apply and implement the Person-Environment-Occupation-Performance (PEOP) Model in practice.

RYAN'S OCCUPATIONAL THERAPY ASSISTANT

Principles, Practice Issues, and Techniques, Fifth Edition

Karen Sladyk

2014 704pp

9781556429620 Hardback £103.00 / €113.00

Continuing with a student-friendly format, the classic Ryan's Occupational Therapy Assistant continues to keep pace with the latest developments in occupational therapy, including the integration of key concepts from key documents for the occupational therapy profession.

SEATING AND WHEELED MOBILITY

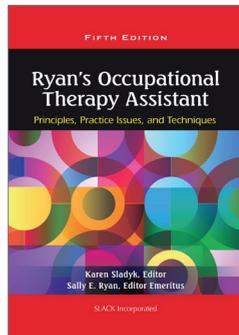

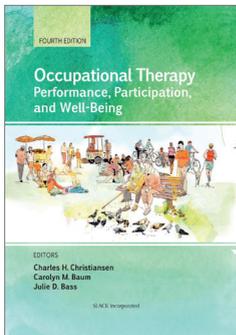

A Clinical Resource Guide

Michelle L. Lange & Jean L. Minkel
