**LPN NOTES**

*Nurse’s Clinical Pocket Guide, Fifth Edition*

*Ehren Myers*

Feb 2020 200pp, 84 illustrations

9780803699748 Spiral bound £27.50 / €33.00

The fifth edition of this popular, easy-to-use guide provides the practical, clinically oriented content you need to deliver safe and effective health care in hospital and home settings. Its handy pocket size and waterproof pages are great on the go, while NCLEX® tips make it perfect for preparing for the NCLEX®-PN exam.

**Key features:**

- **Procedures Tab** presents the common skills, procedures and equipment, required to perform routine nursing tasks.
- **Assess Tab** provides comprehensive, system-specific information, including the skills, procedures, and tools necessary to perform an assessment on an adult patient.
- **Disease/Patient Education Tab** covers the most common diseases and disorders, homecare, safe medication administration practices, and safety as well as common patient education issues.
- **Med-Surg & Emergency Tab** presents 20 of the most commonly encountered symptoms and scenarios.
- **Geri/Ob/Peds Tab** now features geriatric assessment tips for 6 common marker conditions (SPICES) that could indicate increased risk for functional decline or even death.
- **Life Span Tab** combines geriatrics, obstetrics, and pediatrics to focus on life span considerations.

**Also available:**

**MEdSURG NOTES**

*Nurse’s Clinical Pocket Guide, Fifth Edition*

*Tracey Hopkins*

Feb 2020 278pp, 45 illustrations

9780803694514 Spiral bound £32.50 / €39.00

Covers advanced nursing procedures and concepts associated with over 65 urgent and common medical-surgical conditions, organised by symptom and medical diagnosis. It addresses the clinical picture, immediate interventions, focused assessment, stabilizing and monitoring, and follow-up assessment and interventions.

**PHLEBOTOMY NOTES**

*Pocket Guide to Blood Collection, Second Edition*

*Susan King Strasinger & Marjorie Schaub Di Lorenzo*

Dec 2019 216pp, 148 illustrations

9780803675650 Spiral bound £32.50 / €39.00

Coverage includes concise procedural steps with photos; descriptions of venipuncture, dermal puncture techniques, and arterial puncture; information on safety issues and regulations, specimen requirements and clinical correlation, and pre-examination variables; and coverage of order of draw process.
CONTROL OF COMMUNICABLE DISEASES MANUAL

Edited by David L. Heymann
2015 729pp
9780875530185 Paperback £56.50 / €68.00

“...extremely valuable for anyone working in the field.”
- Clinical Infectious Diseases

The must-have resource for anyone in the field of public health. Every chapter has been reworked and new chapters have been added. The 20th edition is a timely update to a milestone reference work, ensuring the manual’s relevance and usefulness to public health professionals around the world.

Each disease chapter is presented in a standardized format that includes the following information:

- Disease name.
- Clinical features.
- Causative agent(s).
- Diagnosis.
- Occurrence.
- Reservoir(s).
- Incubation period.
- Transmission.
- Risk groups.
- Prevention.
- Management of patients.
- Management of contacts and the immediate environment.
- Special considerations.

NEW

CONTROL OF COMMUNICABLE DISEASES: CLINICAL PRACTICE
Edited by Omar Khan & David L. Heymann
Apr 2020 700pp
9780875533070 Paperback £63.50 / €76.00

An essential reference for physicians and other health care practitioners, especially those working in global health infectious disease, epidemiology, travel medicine, and tropical medicine. This book addresses the needs of the busy or travelling clinician. It covers diagnosis and treatment of communicable diseases, while also providing an overview of epidemiology and prevention.

CONTROL OF COMMUNICABLE DISEASES: LABORATORY PRACTICE
Edited by Burton W. Wilcke Jr. & David L. Heymann
2019 689pp
9780875532851 Paperback £87.50 / €105.00

Gives an overview of the latest laboratory procedures for each disease, as well as information on laboratory safety practices, the critical role of quality assurance in all testing and the importance of laboratory informatics and rapid reporting processes.
The book includes:

- Summaries of the current trends found in practice, along with external influential models of health and wellness impacting populations of concern.
- Exploration of some of the most common occupation-based models around the world. Each model’s holistic conceptual nature is described, including theoretical assumptions and practice guidelines for evaluation and intervention.
- Reviews of common frames of reference found in evidence-based practice, which address the secondary and tertiary needs of common populations.
- Instructors in educational settings can visit www.efacultylounge.com for additional education material to be used for teaching in the classroom.
The seventh edition includes new and updated information on topics including:

- Pharmacology and the role of medication in pain management and performance.
- Nutrition and its impact on rehabilitation.
- Rehabilitation techniques for the core.
- Roles within the rehabilitation team.
- Pathomechanics and epidemiology of common injuries.

- Psychological considerations and communication with injured patients.
- Tips for documentation from Dr. Prentice.
- Instructors in educational settings can visit www.efacultylounge.com for additional materials to be used for teaching in the classroom.
The American Pharmacists Association inspires, innovates and creates opportunities for members and pharmacists worldwide to optimize medication use and health for all.

**COMPLETE MATH REVIEW FOR THE PHARMACY TECHNICIAN**
Fifth Edition
William A. Hopkins
Oct 2019 279pp
9781582123141 Paperback
£62.95
Offers a friendly, intuitive, self-instructional approach to the lifelong understanding of pharmacy calculations. Filled with real-world practice problems and the author’s encouragement, this book is a unique training resource.

**HANDBOOK OF NONPRESCRIPTION DRUGS QUICK REFERENCE**
American Pharmacists Association
Jan 2020 330pp
9781582122908 Paperback
£52.50
Provides a succinct summary of the most common self-care conditions for which community pharmacists provide treatment recommendations. It presents the most essential information that is needed in the OTC aisle to assess if patients are candidates for self-care. Appropriate treatment recommendations are also indicated.

**MAKING MEANING OF DATA IN PHARMACEUTICAL AND CLINICAL RESEARCH**
Susan J. Blalock
Oct 2019 242pp
9781582123103 Paperback
£105.00
Provides readers with the tools to better understand the methods and results of published papers so that they can judge for themselves whether the conclusions reached by the authors are supported by the data presented. The book covers a range of topics, including descriptive statistics, bivariate analysis, regression analysis, and meta-analysis.

**PERIPHERAL BRAIN FOR THE PHARMACIST, 2019-20**
Jeanine P. Abrons
Oct 2019 101pp
9781582123158 Spiral bound
£31.50
For years, student pharmacists have jerry-built a pocket-sized collection of figures and tables containing key clinical information that they look up frequently. This new edition includes more than 100 individual core reference pages.

F.A. Davis

**MEDICAL ETHICS**

Broadview Press

*NEW EDITION OF BESTSELLER*

**CONCEPTS AND CASES IN NURSING ETHICS**

Fourth Edition
*Michael Yeo et al*
Apr 2020 450pp
9781554813971 Paperback £62.50 / €73.00

Provides an introduction to contemporary ethical issues in health care. The book is organised around six key concepts: beneficence, autonomy, truth-telling, confidentiality, justice, and integrity. Each of these concepts is explained and discussed with reference to professional and legal norms.

Cognella Academic Publishing

**ETHICS AND VULNERABLE ELDERS**

The Quest for Individual Rights and a Just Society
*Edited by Pamela Teaster, Georgia Anetzberger & Candace Heisler*
Dec 2019 322pp
9781516526543 Paperback £85.50 / €102.00

Through a uniquely multidisciplinary lens, Ethics and Vulnerable Elders employs a highly principled approach to ethics and addresses current issues affecting vulnerable older adults. The book illuminates the current and future challenges facing older adult populations and provides effective frameworks for their resolution.

Health Administration Press

**THE TRACKS WE LEAVE**

Ethics and Management Dilemmas in Healthcare, Third Edition
*Frankie Perry*
Jan 2020 425pp
9781640551404 Paperback £79.95 / €95.00

Provides guidance for current and future healthcare managers as they confront the ethical challenges of their day-to-day work. Structured around real-life cases, the book explores the ethical implications of medical errors; conflicts of interest; sexual harassment and gender discrimination; physician impairment; and end-of-life decisions.
Although the public is aware of legal battles over autonomy and dignity in the context of death, the everyday patient’s need for dignity has received scant attention. Frank McClellan brings these stories to life and establishes that human dignity is of utmost priority in the everyday process of health care decision making.

**PROFESSIONAL ETHICS IN ATHLETIC TRAINING**
*Practicing and Leading With Integrity, Second Edition*
Gretchen Schlabach & Kimberly S. Peer
Jun 2020 325pp
9781630913397 Hardback £70.50 / €83.00
For further details, see page 50.

**LEGAL AND ETHICAL ISSUES IN NURSING EDUCATION**
*An Essential Guide*
Mary Ellen Smith Glasgow et al
Jul 2020 392pp
9780826161925 Paperback £89.50 / €106.00
The only current text to critically examine the vast array of legal and ethical matters confronting nursing faculty in classroom and clinical settings. Filled with practical advice from experts, this text guides the reader through legal and ethical principles, analyses of relevant case-based scenarios, and practical recommendations.

**MUSLIM MEDICAL ETHICS**
*From Theory to Practice*
Frederick M. Denny
*Edited by Jonathan E. Brockopp & Thomas Eich*
2008 280pp
9781570037535 Paperback £20.95 / €25.00
Studies in Comparative Religion
Explores balancing of Islamic heritage with contemporary medical and health concerns. This book produces an interdisciplinary view of medical ethics in Muslim societies and of the impact of caring for Muslim patients in non-Muslim societies.
MENTAL HEALTH

American Academy of Pediatrics

PEDIATRIC MENTAL HEALTH

ALTERNATIVE THERAPIES FOR PTSD
The Science of Mind-Body Treatments
Robert W. Motta
Jul 2020 178pp
9781433832208 Paperback £57.95 / €67.00
Summarizes what is known - as well as what is still unknown, or unproven - regarding the use and clinical effectiveness of non-traditional treatments for PTSD including mindfulness meditation, yoga, acupuncture, animal-assisted therapies, and MDMA-ecstasy. Includes clinical vignettes and insights derived from the author’s experience.

MENTAL HEALTH PRACTICE WITH IMMIGRANT AND REFUGEE YOUTH
A Socioecological Framework
B. Heidi Ellis, Saidi Abdi & Jeffrey P. Winer
Dec 2019 152pp, 6 figures, 2 tables
9781433831492 Paperback £32.50 / €38.00
Provides a framework to guide mental health providers who work with refugees and immigrants. The authors describe the unique needs and challenges of serving these populations, and offer concrete steps for providing evidence-based, culturally-responsive care.

PSYCHOLOGICAL TREATMENT OF MEDICAL PATIENTS STRUGGLING WITH HARMFUL SUBSTANCE USE
Julie A. Schumacher & Daniel C. Williams
Dec 2019 165pp,
9781433830785 Paperback £58.95 / €70.00
Clinical Health Psychology
Clinical health psychologists often encounter patients needing interventions for substance use, yet rarely do practitioners receive specialized training in this area. This book is designed for mental health providers in medical settings who need the knowledge and skills to assess and treat conditions relevant to substance use.

PTSD CASEBOOK
Edited by Lynn F. Bufka, Caroline Vaile Wright & Raquel Halfond
May 2020 252pp
9781433832192 Paperback £53.50 / €64.00
Offers detailed guidance to help practitioners understand and implement treatment. The authors describe the unique factors involved in PTSD treatment, and core competencies necessary for providers.

SCREENING, BRIEF INTERVENTION, AND REFERRAL TO TREATMENT FOR SUBSTANCE USE
A Practitioner’s Guide
Edited by M. Dolores Cimini & Jessica L. Martin
May 2020 272pp
9781433832017 Paperback £53.50 / €64.00
Provides an introduction for psychologists to screening, brief intervention, and referral to treatment, an evidence based approach to identifying and treating substance use across a variety of behavioural health care settings and client populations.

DEPRESSION STRATEGIES
Practical Tools for Professionals Treating Depression
Claudia Black
Edited by Nancy Schenck
Jul 2020 246pp
9781949481327 Paperback £26.50 / €31.00
Designed as a resource for the clinician versed in identifying and treating depression. What sets this book apart from other depression workbooks is that it holds a healthy respect for cognitive behavioural modalities as well as recognising the role of affective and spiritual interventions related to depressive disorders.
LONG WALK OUT OF THE WOODS
Story of Addiction, Depression, Hope, and Recovery
Adam B. Hill
Dec 2019 224pp
9781949481228 Paperback £14.95 / €19.00
Reveals the extent of the burnout epidemic in the medical field. By sharing his own harrowing story, Dr. Adam Hill shows how this problem manifests, considers ways to address it, and confronts commonplace attitudes regarding self-care, recovery/treatment, empathy, and vulnerability amongst medical practitioners.

MAKING PEACE WITH YOUR PLATE
Eating Disorder Recovery, Second Edition
Robyn Cruze & Espra Andrus
Jan 2020 224pp
9781949481266 Paperback £14.95 / €19.00
Anorexia has the highest mortality rate of any mental illness. Binge eating disorder (BED) and bulimia can also bring misery and death. With its unique three-phase approach to eating, this book smashes the illusion of control, the power, and the lies of the deadly illness of disordered eating, providing a concrete plan for long-term recovery.

HEALTH PSYCHOLOGY
Alternative Topics
Edited by William Marelich
Nov 2019 178pp
9781516585366 Paperback £72.95 / €87.00
Provides students with an engaging collection of readings that explore everyday remedies for common health concerns, including homeopathy, vitamins, and cultural treatments, that are not typically included in academic discussions of health psychology.

CLINICAL HEALTH PSYCHOLOGY
Integrating Medical Information for Improved Treatment Outcomes
Amy Wachholtz
Oct 2019 396pp
9781516537013 Paperback £104.00 / €124.00
Innovative in approach and filling a gap in the current literature for mental health practice, Clinical Health Psychology effectively marries research in medical science, neuropsychology, and clinical health psychology to provide cutting-edge, medically informed approaches to clinical health psychology treatment.

GLOBAL MENTAL HEALTH
Latin America and Spanish-Speaking Populations

Rutgers Global Health
Provides an outline of the field of mental health with a particular focus on Latin America and the Spanish-speaking world.
TALKING THERAPY
Knowledge and Power in American Psychiatric Nursing
Kylie Smith
May 2020 196pp
9781978801455 Paperback £23.50 / €28.00
9781978801462 Hardback £96.50 / €116.00

Critical Issues in Health and Medicine

Traces the rise of psychiatric nursing in the US from the 1930s to the 1970s. Through an analysis of the relationship between nurses and other mental health professions, this book demonstrates the inherently social construction of “mental health”, and highlights the role of nurses in challenging, and complying with, modern approaches to psychiatry.

Springer Publishing Company

CLINICAL CONSULT TO PSYCHIATRIC MENTAL HEALTH MANAGEMENT FOR NURSE PRACTITIONERS
Second Edition
Jacqueline Rhoads, Laura A. Mandos & Jennifer A. Reinhold

9780826152831 Paperback £19.95 / €34.00

Provides comprehensive information about this emerging specialty in a concise format designed for speedy information retrieval. Written for both practicing nurses and new orientees, it outlines general procedures and protocols, along with requisite information for patient care in specialized areas of radiology.

**ESSENTIALS FOR THE THEATRE NURSE**
An Orientation and Care Guide in a Nutshell
Theresa Criscitelli
2017 224pp
9780826135728 Paperback £19.95 / €34.00

A concise, easy-to-access resource for nurses. Condensing volumes of operating room content into one pocket-sized book, this volume contains a wealth of current, evidence-based clinical practice information nurses need daily. The guide covers all key areas of perioperative nursing based on current standards and recommended practices, and is organized to provide speedy access to critical information.

*The Essentials Series is only available for sale in the UK*
Covers how insulin works in the body, types of insulin and treatment plans, and how to calculate mealtime insulin and correction insulin. Clients will also learn about testing patterns to check insulin doses along with the signs, symptoms, and treatment of hypoglycemia. An insulin dosing worksheet is also provided.

Provides an overview of how food, insulin, and physical activity affect blood glucose. Clients will learn which foods contain carbs, how to measure carbs in grams or carb choices, using food lists and food labels to count carbs, and estimating portions. A worksheet is also provided for diabetes educators.

A colourful, fold-out education tool that introduces clients to the plate method for planning meals in a step-by-step format. Examples of serving sizes and tips for making healthier choices from each food group are provided, and a sample healthy plate illustrates how to put the plate method into practice.

Designed as an easy-to-access resource for any registered dietitian nutritionist, this third edition includes summary and discussion of validated pediatric malnutrition risk screening tools; indicators and criteria for classifying pediatric malnutrition; and expanded information on anthropometrics and pediatric nutrition-focused physical exam.

Provides guidance for dietitians, physicians, and other allied care professionals working with patients with thyroid disease. Using the most current evidence-based guidelines and research, this guide addresses thyroid function, energy and nutrient requirements, diagnosis, awareness of additional interventions, and working with special populations.

Tired of going on and off diets? Struggling with your weight? In this book, leading weight-management expert Dr Robert Kushner shares his novel way of tackling weight that starts with YOU: your lifestyle, your habits, your mindset.
**American Academy of Pediatrics**

Roseann Schaff & Zoe Mailloux
2015 209pp
9781569003657 Paperback £96.95 / €112.00
Describes the most effective, evidence-based way to implement ASI into clinical practice by using a data-driven decision-making approach. Practical information guides practitioners in methodologically understanding the child and creating effective interventions with measurable outcomes.

OCCUPATIONAL THERAPY IN ACUTE CARE
Second Edition
Edited by Helene Smith-Gabai & Suzanne E. Holm
2017 749pp
9781569003930 Hardback £157.00 / €172.00
Occupational therapy is an allied health profession with an underlying belief that engaging in occupations promotes both health and wellness. This comprehensive text lays the foundation for occupation-based practice and addresses the contextual issues of working within the acute care setting.
F.A. Davis

OCCUPATIONAL THERAPY IN MENTAL HEALTH

A Vision for Participation, Second Edition
Catana Brown, Virginia C. Stoffel & Jaime Munoz
2019 928pp, 91 illustrations
9780803659162 Hardback £89.95 / €107.00

A person-centered, recovery-oriented, and occupation-based approach to mental health across the lifespan. This revised text continues to embrace the confluence of person, environment, and occupation in mental health as its organizing theoretical model, emphasizing the lived experience of mental illness and recovery.

SLACK Incorporated

DOCUMENTATION MANUAL FOR OCCUPATIONAL THERAPY

Writing SOAP Notes, Fourth Edition
Crystal Gateley & Sherry Borcherding
2016 285pp
9781630912314 Paperback £74.50 / €81.00

Presents a systematic approach to a standard form of health care documentation: the SOAP note. This fourth edition has been updated to reflect current information essential to contemporary occupational therapy practice, including the AOTA’s Occupational Therapy Practice Framework: Domain & Process, Third Edition.

GROUP DYNAMICS IN OCCUPATIONAL THERAPY

The Theoretical Basis and Practice Application of Group Intervention, Fifth Edition
Marilyn B. Cole
2017 450pp
9781630913670 Paperback £84.95 / €93.00

In occupational therapy practice, well designed groups represent social and cultural contexts for occupational performance in everyday life. Group Dynamics in Occupational Therapy, the best-selling text for over 21 years by Marilyn B. Cole, offers strategies and learning tools to place clients in effective groups for enhanced therapeutic interventions.

MANAGEMENT AND ADMINISTRATION FOR THE OTA

Leadership and Application Skills
Edited by Karen Jacobs
2015 192pp
9781630910655 Paperback £71.50 / €77.00

Comprehensive skills in management, administration, and leadership are essential for occupational therapy assistants (OTA) in their daily interactions with their clients in various health care environments. Dr. Karen Jacobs has gathered an expert team of 11 contributors to address each of the ACOTE Standards with a focus on evidence-based literature and examples of the leadership and management skills needed as an OTA.

MEASURING OCCUPATIONAL PERFORMANCE

Supporting Best Practice in Occupational Therapy, Third Edition
Mary Law, Carolyn M. Baum & Winnie Dunn
2017 475pp
9781630910266 Hardback £82.50 / €89.00

Summarizes the measurement tools needed to assess client occupational performance, to provide the best intervention, and to document the effectiveness of that intervention. These measurement tools are not just a compilation of all that are available relevant to occupational therapy; they are an elite group of tools carefully through a process of theoretical, clinical, and scientific reasoning.
AN OCCUPATIONAL PERSPECTIVE OF HEALTH
Third Edition
Ann A. Wilcock & Clare Hocking
2015 544pp
9781617110870 Hardback £72.95 / €85.00
Available in an updated and much-anticipated third edition, this unique text continues the intention of the original publication: it encourages wide-ranging recognition of occupation as a major contributor to all people’s experience of health or illness. It also promotes understanding of how, throughout the world, “population health” as well as individual well-being is dependent on occupation.

PSYCHOPATHOLOGY AND FUNCTION
Fifth Edition
Bette R. Bonder
2014 464pp
9781617118845 Hardback £86.50 / €99.00
An essential occupational therapy resource for more than 25 years, Psychopathology and Function compares the diagnostic criteria used by mental health professionals with the framework used by occupational therapists and identifies deficits in occupational performance that require occupational therapy intervention.

OCCUPATIONAL THERAPY
Performance, Participation, and Well-Being, Fourth Edition
Edited by Charles H. Christiansen, Carolyn M. Baum & Julie D. Bass
2014 688pp
9781617110504 Hardback £76.95 / €85.00
A comprehensive occupational therapy textbook that introduces students to core knowledge in the profession and the foundations of practice - the occupations, person factors, and environment factors that support performance, participation, and well-being.

RYAN’S OCCUPATIONAL THERAPY ASSISTANT
Principles, Practice Issues, and Techniques, Fifth Edition
Karen Sladyk
2014 704pp
9781556429620 Hardback £103.00 / €113.00
Continuing with a student-friendly format, the classic Ryan’s Occupational Therapy Assistant continues to keep pace with the latest developments in occupational therapy, including the integration of key concepts from key documents for the occupational therapy profession.

OCCUPATION-BASED ACTIVITY ANALYSIS
Second Edition
Heather Thomas
2015 224pp
9781617119675 Paperback £54.95 / €62.00
Occupational therapists use occupations and activities as not just a goal, but also as a treatment medium, therefore, they must understand both the uniqueness of a client’s occupations and how an activity can be used therapeutically. This second edition teaches students and clinicians the process of conducting activity analyses and occupation-based activity analyses.

SEATING AND WHEELED MOBILITY

THE CHILDREN IN CHILD HEALTH
Negotiating Young Lives and Health in New Zealand
Julie Spray
Mar 2020 252pp, 10 b&w photos
9781978809307 Paperback £28.50 / €34.00
9781978809314 Hardback £79.95 / €97.00
Rutgers Series in Childhood Studies
A journey into the lives of children coping in a world compromised by poverty and inequality, The Children in Child Health challenges the invisibility of children’s perspectives in health policy and argues that paying attention to what children do is critical for understanding the practical and policy implications of these experiences.

HEALTHCARE AND HUMAN DIGNITY
Law Matters
Frank M. McClellan
Nov 2019 202pp
9781978802957 Paperback £23.50 / €28.00
9781978802964 Hardback £96.50 / €116.00
Critical Issues in Health and Medicine
For further details, see page 11.

MEDICAL ENTANGLEMENTS
Rethinking Feminist Debates About Healthcare
Kristina Gupta
Nov 2019 182pp
9781978806597 Paperback £24.50 / €29.00
9781978806603 Hardback £96.50 / €116.00
Uses intersectional feminist, queer, and crip theory to move beyond “for or against” approaches to medical intervention. Using a series of case studies, the book argues that, because of systemic inequality, most mainstream medical interventions will simultaneously reinforce social inequality and alleviate some individual suffering.

PRINCIPLES OF HEALTH: OBESITY
Salem Press
Mar 2020 400pp
9781642653854 Hardback £160.00 / €190.00
Draws on the growing field of obesity research, including causes, related conditions, prevention and treatment. All of the 100+ essays contain the most current scientific and medical understanding of obesity and its wide-reaching effects.

CERTIFICATION IN PUBLIC HEALTH (CPH) Q&A EXAM REVIEW
Oladele Ogunseitan
Dec 2019 392pp, 30 illustrations

World Bank Group Publications

OBESITY
Health and Economic Consequences of an Impending Global Challenge
Edited by Meera Shekar & Barry Popkin
Dec 2019 234pp
9781464814914 Paperback £32.50 / €39.00

Human Development Perspectives

Obesity is a global ticking time-bomb with huge potential negative economic and health impacts, especially for the poor. Countries and global partners need to act urgently to address this ensuing epidemic with emphasis highlighting interventions that require corrective public action rather than one of individual responsibility.
