CONTROL OF COMMUNICABLE DISEASES MANUAL
Edited by David L. Heymann
2015 729pp
9780875530185 Paperback £59.95 / €68.00

“...extremely valuable for anyone working in the field.”
- Clinical Infectious Diseases, 2009:49

The must-have resource for anyone in the field of public health. Every chapter has been reworked and new chapters have been added. The 20th edition is a timely update to a milestone reference work, ensuring the manual’s relevance and usefulness to public health professionals around the world.

Each disease chapter is presented in a standardized format that includes the following information:

- Disease name.
- Clinical features.
- Causative agent(s).
- Diagnosis.
- Occurrence.
- Reservoir(s).
- Incubation period.
- Transmission.
- Risk groups.
- Prevention.
- Management of patients.
- Management of contacts and the immediate environment.
- Special considerations.
- A Doody’s Essential Title.

Also available

NEW CONTROL OF COMMUNICABLE DISEASES: CLINICAL PRACTICE
Edited by Omar Khan & David L. Heymann
Apr 2020 700pp
9780875533070 Paperback £67.95 / €77.00

An essential reference for physicians and other health care practitioners, especially those working in global health infectious disease, epidemiology, travel medicine, and tropical medicine. This book addresses the needs of the busy or travelling clinician. It covers diagnosis and treatment of communicable diseases, while also providing an overview of epidemiology and prevention.

CONTROL OF COMMUNICABLE DISEASES: LABORATORY PRACTICE
Edited by Burton W. Wilcke & Jr & David L. Heymann
2019 689pp
9780875532851 Paperback £93.50 / €106.00

Gives an overview of the latest laboratory procedures for each disease, as well as information on laboratory safety practices, the critical role of quality assurance in all testing and the importance of laboratory informatics and rapid reporting processes.
BERKOWITZ’S PEDIATRICS
A Primary Care Approach, Sixth Edition
Edited by Carol D. Berkowitz
Apr 2020 1,150pp
9781610023726 Paperback £89.95 / €105.00

The reference of choice for pediatricians, residents and medical students, the newly revised and expanded sixth edition provides clear, practice-oriented guidance on the core knowledge in pediatrics. Edited by a leading primary care authority with more than one hundred contributors, the sixth edition provides comprehensive coverage of hundreds of topics ranging from temper tantrums and toilet training to adolescent depression and suicide.

New in the sixth edition:

- All chapters have been reviewed and updated to address current issues.
- Five new chapters are included on the following:
  - Health Systems Science
  - Population Health for Pediatricians
  - Social Determinants of Health: Principles
  - Adverse Childhood Experiences: Trauma Informed Care
  - Commercially Exploited Children and Human Trafficking
- Student worksheets corresponding to each chapter’s case study questions will be posted online in a user-friendly format so that they can be completed in preparation of discussions.
- Case study questions have been enhanced; resources, revised; and acronyms added as an appendix.
- This edition is completely reorganized into 15 sections using a systems-based approach.

Also available

BERKOWITZ’S PEDIATRICS
Instructor’s Guide
Edited by Carol D. Berkowitz
Apr 2020 320pp
9781610023900 Paperback £57.95 / €70.00

A companion to Berkowitz’s Pediatrics: A Primary Care Approach. It contains the case study questions and resolutions found in each of the 157 chapters of the main text as well as answers to the case study questions.

American Academy of Pediatrics
Founded in 1951, the American College of Obstetricians and Gynecologists is the specialty’s premier professional membership organization dedicated to the improvement of women’s health. With more than 58,000 members, the College is a 501(c)(6) organization and its activities include producing the College’s practice guidelines and other educational material. ACOG is committed to providing the best-in-class and up-to-date professional guidance to our members and passionate providers of women’s health care.

**BREASTFEEDING HANDBOOK FOR PHYSICIANS**

Second Edition
American College of Obstetricians and Gynecologists
2013 320pp
9781581108040 Paperback
£52.50 / €58.00

This resource provides guidance for physicians in all specialties. This handbook represents the collaborative efforts of the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, with new information on benefits of breastmilk to preterm infants and breastfeeding issues during a disaster.

Consisting of an assessment book and critique book, PROLOG is an effective, self-directed study resource and reference for both obstetricians–gynecologists and those in training. The content is peer-reviewed, current, and clinically relevant.

**PROLOG: REPRODUCTIVE ENDOCRINOLOGY AND INFERTILITY**

Eighth Edition
American College of Obstetricians and Gynecologists
Apr 2020 252pp
9781934984932 Paperback
£198.00 / €220.00

**PROLOG: OBSTETRICS**

Eighth Edition
American College of Obstetricians and Gynecologists
2018 269pp
9781934984727 Paperback
£187.00 / €208.00
The Endocrine Society is a global organization, spanning 122 countries, of 18,000 physicians, scientists, educators, nurses, and students dedicated to accelerating scientific breakthroughs and improving patient health and wellbeing. It works towards unravelling the mysteries of hormone disorders to care for patients and cure disease, and is devoted to advancing hormone research, excellence in the clinical practice of endocrinology, broadening understanding of the critical role hormones play in health, and advocating on behalf of the global endocrinology community.

2020 ENDOCRINE CASE MANAGEMENT: MEET THE PROFESSOR
Reference Edition
Edited by Susan A. Sherman
May 2020 298pp
9781879225732 Paperback £89.95 / €100.00
9781879225749 Hardback £99.50 / €110.00
Your source for the latest updates in the diagnosis and management of a wide range of endocrine disorders. This valuable resource allows you to evaluate your endocrine knowledge and gain insight into the strategies used by clinical experts. It is updated annually with new cases.

ENDOCRINE BOARD REVIEW
Edited by Serge A. Jabbour
Nov 2020 266pp
9781879225688 Paperback £208.00 / €230.00
9781879225695 Hardback £229.00 / €253.00
A board examination preparation book designed for endocrine fellows who have completed or are nearing completion of their fellowship and are preparing to sit for the board certification exam, and for practicing endocrinologists in search of a comprehensive self-assessment of endocrinology, either to prepare for recertification or to update their practice.

ESAP™ 2020: ENDOCRINE SELF-ASSESSMENT PROGRAM
Questions, Answers, Discussions, Reference Edition
Edited by Lisa R. Tannock
Apr 2020 194pp
9781879225718 Paperback £299.00 / €351.00
9781879225725 Hardback £329.00 / €386.00
A self-study curriculum for physicians and health professionals wanting a self-assessment and a broad review of endocrinology. It consists of 120 brand-new multiple choice questions in all areas of endocrinology, diabetes, and metabolism. There is extensive discussion of each correct answer, a comprehensive syllabus, and references. ESAP™ is updated annually with new questions.

PEDIATRIC ESAP™ 2019-2020
PEDIATRIC ENDOCRINE SELF-ASSESSMENT PROGRAM
Questions, Answers, Discussions, Reference Edition
Edited by Paola A. Palma Sisto
Mar 2020 152pp
9781879225596 Paperback £299.00 / €351.00
9781879225602 Hardback £329.00 / €386.00
100 multiple-choice questions in all areas of pediatric endocrinology, diabetes, growth, and metabolism. There is extensive discussion of each correct answer and references. Pediatric ESAP™ is updated every two years with new questions.

Customers are advised that this book is a reference edition and the questions in it are designed for self-study and reference. The content is the same as the non-reference edition, but CME and MOC credits are not available upon completion of the material. Anyone with questions about CME and/or MOC credits should consult www.endocrine.org/store for further information.
Setting the definitive standard for self-assessment since 1967, MKSAP® continues to honour its legacy by helping internists gain knowledge in the core of internal medicine and its subspecialties. The latest edition, MKSAP® 18, provides unparalleled content in a state-of-the-art format. Learn from evidence-based clinical scenarios and 1,200 entirely new, challenging questions.

The individual volumes of MKSAP® 18 are available for sale separately, or as part of one of the MKSAP® 18 sets.

• MKSAP® 18 Print
• MKSAP® 18 Digital and apps with New Info Updates and Extension Questions
• Board Basics® print book and e-book
• MKSAP® 18 Digital Flashcards with adaptive learning technology
• Virtual Dx.
Keep your ophthalmic knowledge current with the American Academy of Ophthalmology’s 2020–2021 Basic and Clinical Science Course™ (BCSC). This unparalleled, all-encompassing 13-volume set enhances clinical knowledge with numerous images, videos and self-assessment questions. Continually assessed by a faculty of more than 80 expert ophthalmologists, every year the entire BCSC is updated and a number of sections undergo a major revision.

All sections in this year’s BCSC include access to online video demonstrations of clinical and surgical techniques. The videos can be viewed by scanning the QR codes which are clearly indicated within the books.

This text covers everything from the basic x-ray photon interactions of CT to scheduling patients and properly organizing and displaying protocols.

THE TRACKS WE LEAVE
Ethics and Management Dilemmas in Healthcare, Third Edition
Frankie Perry
Feb 2020 425pp
9781640551404 Paperback £89.50 / €95.00

Provides guidance for current and future healthcare managers as they confront the ethical challenges of their day-to-day work. Structured around real-life cases, the book explores the ethical implications of medical errors; conflicts of interest; sexual harassment and gender discrimination; physician impairment; and end-of-life decisions.

THE LOVE SURGEON
A Story of Trust, Harm, and the Limits of Medical Regulation
Sarah B. Rodriguez
Jul 2020 268pp
9781978800953 Paperback £32.95 / €39.00
9781978800960 Hardback £98.95 / €117.00

Critical Issues in Health and Medicine

Dr James Burt believed women’s bodies were broken, and only he could fix them. In the 1950s, he developed what he called “love surgery”, a procedure he maintained enhanced the sexual responses of a new mother. It would be easy to dismiss Burt as a monstrous aberration, yet as medical historian Sarah Rodriguez reveals, that’s not the whole story.

ADVANCED PHARMACOLOGY FOR PRESCRIBERS
Edited by Brent Q. Luu & Virginia McCoy Hass
Sep 2020 848pp
9780826195463 Paperback £89.95 / €107.00

Delivers the critical information primary care providers need to be thoroughly informed prescribers. This unique resource guides users in analyzing the pharmacological foundations of drug therapy and fosters the development of sound clinical judgment in determining the appropriate medication for every patient across the lifespan.

CLINICAL PHARMACOKINETICS
Sixth Edition
John E. Murphy
2017 500pp, images
9781585285365 Paperback £94.95 / €111.00

In the evolving practice of pharmacokinetics, it is important to keep on top of the latest advances. John Murphy has updated and expanded his widely-used textbook and reference. It includes the most current information, covering issues such as rational use of drug concentration measurements, changes in dosing obese patients, and considerations for a wider variety of drugs for special populations.

HANDBOOK ON INJECTABLE DRUGS®
ASHP
2018 1,400pp
9781585286157 Hardback £380.00 / €430.00

Backed by quality, peer-reviewed published literature, the Handbook on Injectable Drugs® has been a go-to, trusted resource for more than four decades. This 20th edition features 27 new monographs, 23,663 compatibility pairs, and 276 new references.

BASIC SKILLS IN INTERPRETING LABORATORY DATA
Sixth Edition
Edited by Mary Lee
2017 700pp, images
9781585285488 Paperback £115.00 / €123.00

Now in its sixth edition, this popular teaching text has been expanded and updated to cover new drugs, research, and therapeutic approaches. It is a comprehensive, in-depth guide to all aspects of lab work that apply to clinical practice. Written by 40 established clinicians and pharmacy faculty, it is designed to make all information clear and quickly accessible.

STERILE COMPOUNDING AND ASEPTIC TECHNIQUE
Text with Student Resources DVD
Lisa McCartney
2012 600pp, DVD
9780763840839 Spiral bound £109.00 / €117.00

This comprehensive program combines the concepts foundation of a textbook with the skills practice of a training manual. It includes clear, step-by-step instructions and brief demonstration videos to help reinforce students’ understanding of concepts and procedures. The text offers calculations and critical-thinking exercises grounded in real-world applications, and emphasizes patient safety regulations during sterile preparation.

HALE’S MEDICATIONS & MOTHERS’ MILK™
2019
Thomas W. Hale
2018 928pp
9780826135582 Paperback £49.95 / €58.00

For further details, see page 17.
ALTERNATIVE THERAPIES FOR PTSD
Robert W. Motta
Jul 2020 178pp
9781433832208 Paperback £57.95 / €67.00
Summarizes what is known - as well as what is still unknown, or unproven - regarding the use and clinical effectiveness of non-traditional treatments for PTSD including mindfulness meditation, yoga, acupuncture, animal-assisted therapies, and MDMA-ecstasy. Includes clinical vignettes and insights derived from the author’s experience.

CONTEXTUAL TRAUMA THERAPY
Overcoming Traumatization and Reaching Full Potential
Steven N. Gold
Apr 2020 319pp
9781433831997 Paperback £63.50 / €73.00
Weaves together clinical insights, research findings, a cohesive theoretical model, and a detailed account of how to implement the components of contextual trauma therapy, a form of treatment specifically designed for survivors of complex traumatization.

PSYCHOLOGICAL TREATMENT OF PATIENTS WITH CHRONIC RESPIRATORY DISEASE
Susan Labott
Jul 2020 152pp
9781433832246 Paperback £57.95 / €67.00
Clinical Health Psychology
Shows clinical health psychologists how to assess and treat adults suffering from chronic respiratory disease. This primer provides basic medical information for practitioners, especially those performing in outpatient settings who may be unfamiliar with these conditions.

CASEBOOK TO THE APA CLINICAL PRACTICE GUIDELINE FOR THE TREATMENT OF PTSD
Edited by Lynn F. Bufka, Caroline Vaile Wright & Raquel Halfond
May 2020 252pp
9781433832192 Paperback £52.95 / €61.00
Offers detailed guidance to help practitioners understand and implement the treatments recommended in the APA’s Clinical Practice Guideline for the Treatment of Posttraumatic Stress Disorder in Adults. The authors describe the unique factors involved in PTSD treatment, and core competencies necessary for providers.

Syracuse University Press

PSYCHIATRY
The Science of Lies
Thomas Szasz
2008 148pp
9780815609100 Hardback £18.50 / €20.00
Portrays the integral role of deception in the history and practice of psychiatry. This work argues that the diagnosis and treatment of mental illness stands in the same relationship to the diagnosis and treatment of bodily illness that the forgery of a painting does to the original masterpiece.
American Nurses Association

**7 STEPS TO ORGANIZATIONAL EXCELLENCE**
A Practical, Interprofessional Approach to Evaluating Operations and Outcomes
Nancy Robert, Kathy Chappell & Susan Finlayson
Mar 2020 228pp
9781947800434 Paperback £46.95 / €50.00
Introduces the concepts contributing to healthcare organisational excellence. The book is designed to aid organisations seeking to embed a culture of excellence through established programs. It focuses on identifying organisational excellence as derived from the literature, high reliability organisations, and nationally recognized programs.

Health Administration Press

**BIG DATA IN HEALTHCARE**
Statistical Analysis of the Electronic Health Record
Farrokh Alemi
Mar 2020 553pp
9781640550636 Hardback £97.95 / €104.00
Provides the statistical tools that healthcare leaders need to organise and interpret their data. Designed for accessibility to those with a limited mathematics background, the book demonstrates how to leverage EHR data for applications as diverse as healthcare marketing, pay for performance, cost accounting, and strategic management.

IGI Global

**COMMUNICATING RARE DISEASES AND DISORDERS IN THE DIGITAL AGE**
Edited by Liliana Vale Costa & Sónia Oliveira
Feb 2020 275pp
9781799820888 Hardback £65.00 / €71.00
A reference source that uses computer-mediated communication to improve patient knowledge when afflicted or dealing with rare health conditions.

**MARKETING HEALTH SERVICES**
Fourth Edition
Richard K. Thomas
Mar 2020 617pp
9781640551558 Hardback £125.00 / €133.00
The fourth edition of this essential guide to healthcare marketing features new and updated content reflecting changes in the field, such as the emergence of population health management and value-based care, a focus on preventive care versus sick care, and an overall shift in thinking to caring for groups of consumers versus individual patients.

**HOSPITAL MANAGEMENT AND EMERGENCY MEDICINE**
Breakthroughs in Research and Practice
Edited by Information Resources Management Association
Feb 2020 525pp
9781799824510 Hardback £445.00 / €522.00
Examines the latest scholarly material on emerging strategies and methods for delivering optimal emergency medical care and examines the latest technologies and tools that support the development of efficient emergency departments and hospital staff.

**SMASH THE BOTTLENECK**
Fixing Patient Flow for Better Care (and a Better Bottom Line)
Danilo Sirias & Christopher Strear
Apr 2020 180pp
9781640551503 Paperback £58.95 / €63.00
Lays out a concrete methodology for getting to the root of patient-flow problems and addressing them quickly. The book highlights a continuous improvement methodology known as the Theory of Constraints (TOC), which emphasizes identifying, optimizing, and breaking down bottlenecks to improve overall system performance.

**THE TRACKS WE LEAVE**
Ethics and Management Dilemmas in Healthcare, Third Edition
Frankie Perry
