### THE REDBOOK

#### A Manual on Legal Style, Fifth Edition

Bryan A. Garner

Coursebook Series

A one-of-a-kind resource - the legal writer's equivalent of *The AP Stylebook* or *The Chicago Manual of Style*.

Since first appearing in 2002, Bryan Garner's legal-style manual *The Redbook* has established itself as the go-to source for all questions of legal writing (apart from citation form). This fifth edition has lots of new material, including updates relating to pronoun use (especially they) and questions of unconscious bias. The two exhaustive indexes (word and subject), plus the detailed table of contents, make it easy to find authoritative guidance within seconds.

The author, Bryan A. Garner, is now the most frequently cited writer in American judicial opinions. He has produced the past five editions of *Black's Law Dictionary* and is the co-author of *Reading Law: The Interpretation of Legal Texts* (with the late Justice Antonin Scalia). He has written more than 25 books that are widely relied on as authoritative. You can rely on him, too, for the most comprehensive, nitty-gritty resource available to legal writers: *The Redbook: A Manual on Legal Style*.

Whether you're preparing a brief, a contract, or a memo, don't circulate a draft without consulting the latest edition.
