AGRICULTURAL & ENVIRONMENTAL DEVELOPMENT

THE STATE OF FOOD AND AGRICULTURE 2022

Leveraging Agricultural Automation for Transforming Agrifood Systems

Food and Agriculture Organization of the United Nations

Explores the drivers of agricultural automation, including the more recent digital technologies. Based on 27 case studies, this report analyses the business case for adoption of digital automation technologies in different agricultural production systems across the world. Based on the analysis, the publication suggests policies to ensure that disadvantaged groups in developing regions can benefit from agricultural automation and that automation contributes to sustainable and resilient agrifood systems.

KEY STATISTICS AND TRENDS IN INTERNATIONAL TRADE 2022

The Remarkable Trade Rebound of 2021 and 2022

United Nations Conference on Trade and Development

A substantial part of the increase in the value of trade during the last two years can be explained by rising commodity prices and more recently by general inflation. Trade volumes grew to a smaller extent. Even so, the steady increase in the volume of international trade since early 2021 indicates a robust global demand for traded goods.

POST-COVID-19 ECONOMIC RECOVERY AND BUILDING RESILIENCE FOR THE OECS Harnessing the Sustainable Blue Economy

Julian Roberts

Economic Paper, No. 99

Identifies and explores the potential ocean-based development opportunities that OECS countries

could pursue to build more inclusive, sustainable and resilient economies. These promising sectors include fisheries, marine transport and marine-based tourism, as well as high-value emerging sectors such as sustainable aquaculture, marine biotechnology and marine renewable energy.

PRIVATE CITIES

Outstanding Examples from Developing Countries and Their Implications for Urban Policy

Edited by Yue Li & Martin Rama

Urban Development Series

Institutional weaknesses limit the capacity of local governments to support efficient urbanisation in developing countries - they also lead to the emergence of large developers, who have the ability to build entire cities. This paper analyses this urbanisation process.

ENGAGING YOUNG PEOPLE IN THE IMPLEMENTATION OF ESD IN THE UNECE REGION

Good Practices in the Engagement of Youth in Education for Sustainable Development

United Nations Economic Commission for Europe

Seen in the context of the growing challenges our societies - and especially young people within them - face, this article points to non-formal education (NFE) as a powerful driver of change towards sustainable development. It shows that NFE's complementary power

has been undervalued and its potential for youth participation left almost untapped.

THE SOCIAL PROTECTION INDICATOR FOR THE PACIFIC

Tracking Developments in Social Protection

Asian Development Bank

2022 140pp

9789292699956 Paperback £28.95 / €34.00

Uses the bank's Social Protection Indicator to assess the level of resources invested in social protection, the extent of coverage, and the benefit levels of social protection programmes. Further data disaggregation provides the distribution of social protection expenditures in relation to poverty, gender, and people with disabilities. The report identifies measures adopted in response to the coronavirus disease pandemic and outlines future directions for social protection in the region.

Asian Development Bank

SOCIAL SUSTAINABILITY IN DEVELOPMENT

Meeting the Challenges of the 21st Century

Patrick Barron et al

New Frontiers of Social Policy

The overlapping crises of COVID-19, climate change, and rising levels of conflict are exacerbating global inequalities. This book offers a

definition and framework for social sustainability, as well as examples and concrete guidance on how development can foster progress towards it.
